Duration of the Course:
3 Days Program / 24 hours

Mode of Delivery:
On-site / Virtual

Designed for Diploma in Nursing holders or any Nursing Graduates keen on pursuing a career in childcare nursing, providing them with foundational knowledge and practical skills essential for success in this specialized area of nursing practice.

Are you a nursing professional looking to specialize in childcare nursing? The Certificate in Age-Specific Competency for Nurses offered by Prabuddhaa Integrated Wellbeing Academy is designed just for you. This comprehensive Course provides essential knowledge and skills necessary to excel in the field of pediatric nursing.

This course is structured to meet the educational needs of aspiring childcare nurses, ensuring they are well-prepared to meet the challenges and demands of pediatric healthcare environments effectively and compassionately as per Accreditation Standards and Pediatric Patients' Care Needs.

Throughout the course, you will delve into the fundamental aspects of childcare nursing, including child development milestones, pediatric health issues, and specialized nursing care techniques. You will learn to assess and manage common pediatric conditions, administer medications safely, and adopt a family-centered care approach.

Led by experienced instructors, the course combines theoretical knowledge with practical applications through case studies, simulations, and interactive discussions. By the end of the program, you will gain confidence in communicating effectively with children and their families, navigating ethical and legal considerations in pediatric care, and applying age-specific nursing competencies in diverse healthcare settings.

Whether you are a recent nursing graduate or an experienced professional seeking to expand your expertise, this course equips you with the skills to thrive in childcare nursing. Earn your Certificate in Age-Specific Competency for Nurses and unlock new career opportunities in this rewarding field.
